(italiano) Our Asian friends are already sleeping, while in some European squares the athletes are concluding the events with concerts and public involvement,

(Portuguese) while instead the kids in the American continent are preparing to start.

(Italiano) Here, from north to south, across 6 hr. time zones, 97 relays are about to kick off.

Now, with some pictures, we are tracing together the main stages of the relays done up to now:

(italiano) There are four relays in Middle East: Egypt, Jordan, Greece, and in the Holy Land. They will run tomorrow, Sunday, May 13, to allow also Jewish youth to participate.

In Europe there are more than 80 relays. Run4Unity in Europe was held in joint with Together for Europe, the manifestations of various Christian movements and associations that want to promote peace and brotherhood in the European continent.

If you have not seen direct from Brussels at 5pm, you can download it from our site, I remember you this site: www.run4unity.net

(inglese) Here in Europe, we are testimonies of some emotional news: there's a R4U in North Ireland, a place that suffered for many years because of divisions. The event is taking place in front of the Parliament building where the peace agreement was signed. The Teens for Unity of the whole Ireland are running together and this act itself marks a great sign of unity and peace.

(portoghese) And there, they really built a bridge, and those who were on the bridge actually ran on it: at Manaus on a beautiful bridge on Rio Negro was newly opened to connect some localities of Ammazonia with the capital of the State.

(spagnolo) And in South America, as well as in my country, Asuncion in Paraguay, the relay was already done.

(italiano) A record of the relay among the historical landmarks goes to the mosque of Malcolm Shabazz in Harlem, New York, a historical place where Chiara Lubich encounter WD Mohammed, imam of the African American community. The 15 th anniversary of the pact of brotherhood made between the two. It concludes with a relay going to the West, in Vancouver, Canada, which is also the last edition of 2012 Run4unity.
